

Manyata Developers Acquires Mangaluru Franchise for Maharaja Trophy KSCA T20 2026, formerly known as Karnataka Premier League.

Bengaluru, India May 22, 2026 - Manyata Developers announces the acquisition of the Mangaluru franchise in the Maharaja Trophy KSCA T20 2026, Karnataka's premier domestic T20 cricket league organised by the Karnataka State Cricket Association (KSCA), formerly known as Karnataka Premier League.

This strategic acquisition marks Manyata's formal entry into franchise cricket and reflects the company's growing focus and commitment to nurturing sporting excellence in Karnataka.

The Maharaja Trophy KSCA T20 has rapidly evolved into one of India's most exciting state-level cricket leagues, showcasing some of Karnataka's finest emerging and established cricketing talent. Representing one of the state's most passionate sporting regions, the Mangaluru franchise brings with it a strong regional identity and an engaged fan base.

Cricket holds a special place in the culture and spirit of Karnataka. For us, this acquisition is not just about owning a franchise it is about creating a platform that inspires young talent, strengthens regional pride, and builds a deeper connection with communities through sport, said Mr. Vinod Naidu, Director, Manyata Developers.

As franchise owners, Manyata will focus on building a professionally managed, performance-driven team ecosystem while investing in long-term brand and community development around the franchise.

About Manyata Developers

Manyata Developers is a Bengaluru-based real estate company with over four decades of experience in developing large-scale residential, commercial, and integrated urban communities across India. Known for landmark developments such as Manyata Tech Park, the company has played a significant role in shaping modern urban infrastructure and sustainable townships in India.

With a strong focus on long-term value creation, innovation, and community-driven development, Manyata continues to build future-ready spaces that combine business, lifestyle, and urban growth.
